

STS-108 PRE-LAUNCH PAD DEBRIS INSPECTION REPORT
KSC Debris Team
03 December 2001

The pre-launch inspection of the MLP-1, Pad B FSS and RSS was conducted on 3 December 2001 from 1500 to 1700 hrs EDT. No flight hardware issues/anomalies were detected.

No facility items were documented in Appendix K of S0007VL4. Minor clean-up items were in-work.
